

# Mark Knopfler, True Love Will Never Fade

True love will never fade  
True love will never fade  
True love will never fade  
True love will never fade  
True love will never fade

I wonder if there's no forever  
No walking hand in hand  
Down a yellow brick road  
To never never land  
These days I get to where I'm going  
Make it there eventually  
Follow the trail of breadcrumbs  
To where I'm meant to be  
To where I'm meant to be

I don't know what brought you to me  
That was up to you  
There's so many come to see me  
Who want their own tattoo  
I fixed a needle in a holder  
Laid my hand upon your spine  
And there upon your shoulder  
I drew the picture as your sign  
When I think about us  
I see the picture that we made  
The picture to remind us

True love will never fade  
True love will never fade  
True love will never fade  
True love will never fade

I worked the rowdies and daytrippers  
Now and then I think of you  
Any which way we're all shufflin'  
Forward in the queue  
They like to move my operation  
They like to get me off the pier  
And I dream I'm on a steamer  
Pullin' out of here

When I think about us  
I see a picture that we made  
The picture to remind us

True love will never fade  
True love will never fade  
True love will never fade  
True love will never fade  
True love will never fade  
True love will never fade
