

Mark Ronson & Katy B, Anywhere In The World

Come with me, come with me,
I found a new movement,
Get everybody out on the street
On the street, on the street
I found a new rhythm
To move our bodies to, to the beat
As we move our feet in unison
Kicking up the rain
Or the sand in the sun
It gives my heart that
feeling like could be anywhere

Anywhere in the world
(Moving like these feeling like this)
Anywhere in the world
(No matter where you are)
/2x

Ooooo, ooo!
Moving like these feeling like this
Ooooo, ooo!
No matter where you are

Follow me, follow me
Through the river when flow these streets
You can discover every part of me
Parts of me, part of me
Many memories make a story
Come on make another one with me
Yes we clap our hands along with the drum
Thinking with the pattern like we are a part of one
It gives my heart that good, good
Feeling like could be anywhere

Anywhere in the world
(Moving like these feeling like this)
Anywhere in the world
(No matter where you are)
We could be anywhere in the world

Ooooo, ooo!
Moving like these feeling like this
Ooooo, ooo!
No matter where you are

Follow me down, down to the river
The sunsets gold
And the water seems silver
Follow me down, down to the river
We could be anywhere in the world
While we're together

Anywhere in the world
(Moving like these feeling like this)
Anywhere in the world
(No matter where you are)
We could be anywhere in the world

Ooooo, ooo!
Moving like these feeling like this
Ooooo, ooo!
No matter where you are
