

Marlango, Madness

Madness is my name
Madness is the game
I will play with you.
Madness is the kiss I'll give to you
Wrapped in silver night
And you will never be the same

Madness is the maze I will build for you
'Til you loose my trace
Madness is the word you will try to tie
'Til you loose yourself
And you will never be the same
You'll also be insane

And you will never be the same
And you will also be insane
No use, confuse, what is the use
No use, confuse, what is the use
If nothing will be the same again

You will never be the same
You will also be insane
