

# Maroon 5, Come Talk With Me

Come talk with me  
take off your coat  
sit down for awhile  
stick around for awhile

it's been a long year  
my luck is down think  
I'll skip town for awhile  
to search for my smile

You look so nice  
you shine just like an angel  
but I'm sure that you must get that all the time

Have you heard that new song on the radio  
it reminds me of us  
but I forget how it goes

its been a long week  
and my mind is tired  
I think I'll sit down for a while  
settle down for a while  
you look so nice  
you shine just like the morning  
and at 9PM you glow just like the night

as all these weeks roll by I wonder why  
you won't talk with me why  
why does it make me crazy when I know  
you're coming down down down  
you're coming down down down down down

you won't see me  
you won't leave me  
leave me where I am I am

you won't see me  
you won't leave me  
leave me where I am

as all these weeks roll by I wonder why  
you won't talk with me why  
why does it make me crazy when I know  
you're coming down down down  
you're coming down down down down down

as all these weeks roll by I wonder why  
you won't talk with me why  
why does it make me crazy when I know  
you're coming down down down  
you're coming down down down down down

come talk with me  
take off your coat  
sit down for a while  
stick around for a while
