

# Maroon 5, Pantry Queen

Your wind blows  
Your mind falls down  
Just give me  
The time to drown

Your wind blows  
Your mind falls down  
Just give me  
The time to drown

The boys are  
digging the ground  
But I can't stop spinning around

One day you will let me be  
What I wanted you to be

The boys are  
stopping the ground  
from taking  
those things we found  
Someday you will let me see  
all of the things we used to see

Someday you will let me be  
all of the things we used to be  
Someday you will let me be  
the champ you wanted her to see
