

Martika, You Got Me Into This

You got me into this
Yeah you got me into this
You got me into this love
You got me into this
Boy you're too hard to resist
You got me into this love

They said you're trouble
With a capital T
But I just couldn't see
Guess my heart was blind
All those sweet things
You would say to me
I took seriously
Was I wasting my time

I'm not the one who said I love you first
But I was the last one to say it
And that's what really hurt

Now I can't sleep at night
Waiting for your call
Starig at the wall
Wondering if I'm on your mind
And maybe...
You're thinking of me too
But what can I do
I can't read between the lines

You led me to believe you were in love
So prove it or lose it
I've waited long enough

I'm into this

You got me into this
I can't get out of it
You got me into this love
