

# Martin Fitch (Marcin Mroziński), Fight For Us (Eurovision 2017)

I don't even know  
How to start  
It; feels like we've lost so much  
We're standing at the edge of light  
And you know  
It's not right /2x

I'm gonna fight for us  
For us  
/2x

Never gonna stop  
Never gonna hide  
Even though the odds don't seem right

I'm gonna fight for us  
fight for us /2x

No time to ask who or why  
It's time to fight  
The blame is on all of us  
There's no turning back you are in or out?  
That's a sacrifice  
Don't think twice  
We're fighting for paradise

I'm gonna fight for us  
For us  
/2x

Never gonna stop  
Never gonna hide  
Even though the odds don't seem right

I'm gonna fight for us  
fight for us /2x
