Martina McBride, Everybody Does

This ain't the first time you've fallen in love With your heart wide open Feeling just like a fool knowing that You're the only one left holding on He broke your heart You can't cry hard enough But you're not the only one

[Chorus]
Everybody loves someone
Everybody hurts sometimes
Everybody says they'll never fall again
But everybody does
Yeah, everybody does

How many times have you said he's the one And found out that he wasn't Always thinking it's gonna hurt forever But then one day it doesn't anymore You've come so far Still a long way to go Just remember you're never alone

[Repeat Chorus]

Everybody jumps in Never really knowin' Where it's really goin' You just have to trust in Your heart, oh yeah

[Repeat Chorus]
