

# MARUV & The Hatters, Bullet

I gotta a bullet for you  
You gotta a bullet for me  
Nothing can't save us from truth  
Nothing can't save us from tears

I gotta a bullet for you  
You gotta a bullet for me  
Nothing can't save us from truth  
Nothing can't save us from tears

What if I break your walls  
Or should I save my soul  
Somebody help me please  
How could I take that risk

What if I break your walls  
Or should I save my soul  
Somebody help me please  
How could I take that risk

What if I break your walls  
Or should I save my soul  
Somebody help me please  
How could I take that risk

What if I break your walls  
Or should I save my soul  
Somebody help me please  
How could I take that risk

Don't, don't, don't hurt me!  
No, no, no, no, no!
