

matchbox twenty, Downfall

I wonder how you sleep
I wonder what you think of me
If I could go back,
Would you have ever been with me?
I want you to be unleashed
I want you to remember
I want you to believe in me
I want you on my side

Come on and lay it down
I've always been with you
Here and now
Give all that's within you
Be my savior
And I'll be your downfall

Here we go again
Ashamed of bein' broken in
We're gettin' off track
I wanna get you back again
I want you to trouble me
I wanted you to linger
I want you to agree with me
I want so much so bad

Come on and lay it down
I've always been with you
Here and now
Give all that's within you
Be my savior
And I'll be your downfall

Yeah, be my savior
(Only love can save us now
Come lay me down
Only love can save us now)
I'll be your downfall
(Our love can save us now
Love save me now)

Lay it down
I've always been with you
Hear me now
With all that's within you
Be my savior
And I'll be your downfall

Now I'm back on my own
Hear my feet, they are made of stone
And I'll make you go where I go
Well, hell, you, can I take you home?
Now, I'm coming home, on my back
Kissin' me, your lips painted black
Saying, "Woah oh oh
Lemme be your downfall
Woah oh oh
Lemme be your downfall, baby."
