

# matchbox twenty, Last Beautiful Girl

This will all fall down like everything else that was  
This too shall pass and all of the words we said  
We can't take back

Now every fool in town would've left by now  
I can't replace all the wasted days  
The memory of your face-can't help  
thinkin'

Maybe if we ever coulda kept it all together  
Where would we be  
A thousand lost forever  
And the promises that you never were giving me  
Here's what I'm thinking

chorus

It won't be the first -heart that you break  
It won't be the last -beautiful girl  
The one that you wrecked -won't take you back  
If you were the last beautiful girl in the world

Tell me one more time  
How you're sorry about the way  
This all went down-you needed to find your space  
You needed to still be friends  
You needed me to  
Call you if I ever couldn't keep it all together  
You'd comfort me  
You'd tell me 'bout forever  
And the promises I never should have believed in  
Here's what I'm thinking

chorus

It won't be the first- heart that you break  
It won't be the last- beautiful girl  
The one that you wrecked -won't take you back  
If you were the last beautiful girl in the world

It's over now and I've gone without  
Cuz you're everyone else's girl  
It seems to me you'll always be  
Everyone else's girl (x2)

This will all fall down  
Like everything in the world  
This too must end  
And all of the words we said  
We can't take back

It won't be the first heart that you break  
It won't be the last beautiful girl  
The one that you wrecked won't take you back  
If you were the last beautiful girl

It won't be the first heart that you break  
It won't be the last beautiful girl  
The one that you wrecked won't take you back  
If you were the last beautiful girl in the world

Last beautiful girl...  
You were the last beautiful girl
