

Mats Meguenni, Would you go on

Just as we started to meet after the terms had been signed
And agreed that nothing petty would ever get to us
I said I'm sure we'll be together for an eternity
So good night for now.

We felt good, we were safe
Just moving forward gives no time for a break
Two happy years before you looked at other men I ran
'Cause we said we'd leave and let the other one be free when in doubt

Would you go on if you knew?
Would you stay strong if I left you?
And when I'd be gone would you still be longing?
Would it be late to be great or was it just a matter of faith?

It's been years since we last spoke
You tried to greet me with smile my silence broke
I tried answer for the truth but I knew
That some new day will bring many other ways when it comes around

Would you go on if you knew?
Would you stay strong if I left you?
And when I'd be gone would you still be longing?
Would it be late to be great or was it just a matter of faith?

Sometimes life is hard to deal with
As it bites me, it ignites me
I can't hide the life we had at home
I'll take it on!

Would you go on if you knew?
Would you stay strong if I left you?
And when I'd be gone would you still be longing?
Would it be late to be great or was it just a matter of faith?
