

Matt Darey & Marcella Woods, Beautiful

Your shining light will be my guide
Leads me to a place where I dont need to hide
The heavens open up the door
With dreams so innocent and pure
You are beautiful
Within the rays of light
You are beautiful
Without the jewels of life
Let your spirit capture me
My love is blind
You are beautiful within
You are beautiful without
You are beautiful within
You are beautiful tonight
In amongst the rays of light
Your silouette it shines
Youre an angel you are free
Let your spirit baptise me
And elevate my mind
You are beautiful
Within the rays of light
You are beautiful
Without the jewels of life
Let your spirit capture me
My love is blind
You are beautiful within
You are beautiful without
You are beautiful within
You are beautiful
Within the rays of light
You are beautiful
Without the jewels of life
Let your spirit capture me
My love is blind
You are beautiful within
You are beautiful without
You are beautiful within
