## Matt Pond PA, Jefferson

from these lists i put the blame if everything from jefferson down to arch street remains along the lines tonight's the same I believe I'd use my feet

what we know - i go too far the border of the granite state we're a river apart the call breaks my hearing's hard

i believe i'd use my feet

i believe i'd use my feet

the roles to play may not be fair if 89 and 93 are the number of stairs know i am and it's not there i believe i'd use my feet i believe i'd use my feet
