

Matt Wertz, Not Alone

Put your arms around me
So I can feel your warm embrace
Let me smell your fragrances
Lord, I want to see your face

I'm not alone (not alone)
I'm not alone (not alone)

Draw me closer Lord
I want to be like you
Walking in your promises
Living in your truth

I'm not alone (not alone)
I'm not alone (not alone)

When the night closes in
And I don't have a friend
I'm not alone
When you feel no one's there
And you've left me here
I'm not alone

'Cause I have failed
And I have strayed
I've felt the burdens
Felt the pain
But since I met you
You've wiped my tears away

I'm not alone (not alone)
I'm not alone (not alone)
