

Matthew West, Out Of Time

So, you're hungry for a taste of the other side
Where the grass is thick and green
But your feet are on familiar ground
Frozen and afraid of what you might lack
Oh, if that's all that's holding you back

CHORUS

Come on, step out of time
Fall out of line
Leave a mark they can't erase
Find your heart and lose your mind
Watch the journey unwind
And let it be a new day
Out of time

How's your story gonna read
When they call your name
And it's all there in black and white?
Will you follow?
Or will you lead?
Will you quietly disappear
Or is this whole world gonna know
That you were here?

It's time to be free
It's time just to live what you believe
What you gonna do with the life you're living?
What you gonna make of the time you're given?
When you are free, you have been forgiven
Now come on and step out of time

Once you go you're gone forever
Don't you know it's now or never
But I can feel a change in weather
Now come on and step out of time
