

Max, STRINGS (feat. JVKE & Bazzi) - Starring Dixie D'Amelio

I hear strings play
Every time you look my way
Don't you know that's what you do
Oh oh oh oh
Feels like ooh oh oh oh oh
Make my heart beat
Double time when you're on me
Don't you know that's what you do
What you do, what you do

Girl you mute out all the nonsense, all the toxic
We can talk on any topic and never stop it
I know you got other options, a lot of prospects
But they only know the single, I want the box set

Pushing buttons with your high heels
Or your high tops
Turning heads and give them all the feels
Way that you walk
Could be a sign or I

Might be losing my mind

Cause I hear strings play
Every time you look my way
Don't you know that's what you do
Oh oh oh oh
Feels like ooh oh oh oh oh
Make my heart beat
Double time when you're on me
Don't you know that's what you do
What you do, what you do

Yeah yeah
Girl you sound just like the theme song
Can turn my dreams on
You the star of the movie, I'm watching re-runs
Want to cut off all my options
Put you on top of them
We just stepped outside in public
The cameras poppin'
Hold on to me right now, I'll protect you
You can ruin my life, girl I'll let you
Feel your heart when it's beating,
You the one girl and I'm fiending,
I hear symphonies when you speaking, it's true

Cause I hear strings play
Every time you look my way
Don't you know that's what you do
Oh oh oh oh
Feels like ooh oh oh oh oh
Make my heart beat
Double time when you're on me
Don't you know that's what you do
What you do what you do
