

# McFly, Memory Lane

Two years away,  
I got back today,  
Tried calling up this girl I used to know,  
But when I said hello,  
She didn't know who the hell I was supposed to be.

[Chorus]  
Memory Lane,  
We're here again,  
Back to the days,  
And I'll remember you always,  
So much has changed,  
Now it feels like yesterday I went away.

The words around, that she's moved town  
About a thousand miles away from here.  
And I found something she wrote a long time ago  
And it reminds me of a place I know called:

[Chorus]  
So much has changed (so much has changed),  
So much has changed (So much has changed),  
So much has changed (So much has changed),

Down Memory Lane,  
We're here again,  
Back to the days,  
And I'll remember you always,  
And so much has changed,  
But it feels like yesterday I went away.

So much has changed (so much has changed),  
So much has changed (So much has changed),  
So much has changed (So much has changed),  
Down Memory Lane... Lane... Lane
