

Meaghan Jette Martin, When You Wish Upon A Star

WHEN YOU WISH UPON A STAR

When you wish...

When you wish...

When You wish wish upon a star } bis

When you wish upon a star

Makes no difference who you are

Anything your heart desires

Will come to you

(When you wish...

When you wish...)

If your heart is in your dreams

No request is to extreme

When you wish upon a star

As dreamers do

(When you wish, when you wish)

Fate is kind

She brings to those who love

As sweet fulfillment of their secret dreams

Like a boat out of the blue

Fate steps in and sees you through

When you wished upon a star

Your dreams come true

Fate is kind

She brings to those who love

As sweet fulfillment of their secret dreams

Like a boat out of the blue

Fate steps in and sees you through

Baby when you wish upon a star

Your dreams come true

When you wished upon a star

Makes no difference who you are

Your dreams come true
