

# Meat Loaf, Getting Away With Murder

She thought she had the only key  
She thought you only opened up to her, well you see  
I don't know why you call it love

She though she was the brightest light  
But someone else was lighting up your life, what I think  
I don't know why you call it love

I'm not suspicious, no not me  
But I'm not blind and I'd have to not to see

[Chorus:]  
Gettin' away with murder  
You can love a girl and hurt her  
That's gettin' away with, gettin' away with murder  
You can tell a girl you love her  
While you're working on another  
That's gettin' away with, gettin' away with murder

You have had to love and run  
Two in the hand has left you holdin' none, and I don't  
I don't know how you call it love, no, no  
You're not demanding, no not you  
You're understanding  
You do what you want to

She thought she was the brightest light  
But someone else was lighting up your life, what I think  
I don't know why you call it love

I'm not suspicious, no not me  
But I'm not blind and I'd have to not to see

[Chorus]

You said she was the only one  
But you were cheating all along  
There ought to be a law for what you've done

I've got to save you from yourself  
I've got to stop you hurtin' someone else

[Chorus x2]
