[Verse 2: Megan Thee Stallion]

Ayy, when it come to body, nobody bodyin' me  
Mixin' weed with the liquor, creatin' the chemistry  
Takin' shots back to back of the white Hennessy  
I'm about what I say, so please do not tempt me, ayy  
I'm so for real, I came no panties when he asked me to chill  
I never gave a fuck 'bout what them other girls sayin'  
I just wanna know if the dick really hangin'  
You ain't gotta sugarcoat shit 'less you're lickin' on me  
If that's the case, you need to get the liquor and the honey  
Body right, pussy tight, come and put it on me  
Sendin' pics to your phone so you're never lonely  
Baby, I can take the trip with or without ya  
Been a fly bitch way before I found you  
Stamps in my passport, can't even count them  
All my bitches with me, so I can't leave without them  
Baby, why don't we go to Montego?  
Let you put your hook in my bumper like a repo  
I'm tryna do some real freaky shit, only we know  
Treat my body like some oxtails, lick your fingers  
Put that cocky on my body, give me spit to make it sloppy  
Look me in my eyes and tell me what you like about me  
I'm doin' what I got to do for you to make me wifey  
Take me where the temperature is hotter than a hottie

[Pre-Chorus: Popcaan]

Turn har on, squeeze her up  
Long cocky gon' full her up  
Handcuff, but mi nah hold har up  
Her best friend ah call, but she doh wan' go

Love when mi feel har up  
Finger inna di pussy, dat ah pre-warmup  
Gyal, mi sperm thick, mi feed pon walnut  
Haha (Ayy)

[Chorus: Popcaan]
