Don't want yo nigga, but he wanna fuck me

He gon' wake up and give me sucky sucky

These bitches scary, they chicken, Kentucky

Bitch, I'm from Texas, you know we be buckin'

Words like a blade, every beat I be cuttin'

Bitch, I'm a ten like I landed and stuck it

If you don't like me, lil' bitch, you could suck it

All of my haters is crabs in a bucket

Nose in the air 'cause they fuckin' disgust me

None of these bitches is fuckin' with Megan

Bitch, I'm the hottest, the fuck is you sayin'?

I had to hop off the porch and go get it

I went to pick up the torch and then lit it

They try to tell me I can't, but I did it
When I pull up bitches look like they shitted
I had to start from the muhfuckin' bottom
My momma told me to get em, I got em
My granny told me you goin' to school
Gettin' that degree and making it cool
I have not worked nine to five in a while
I just be hustlin', watching it pile
They pullin' bitches from link in a bio
You wanna reach out to me, it's a process
I got a middle man, he gotta connect
Bottom line is, I'm not easy to contact
Bitch I'm exclusive like where did you find that?
Pick me a beat and you know I'ma kill that, aah
