

# Meghan Trainor, Badass Woman (piosenka z filmu)

I'm a badass woman  
what's wrong with that?  
can't hold me back  
I'm a badass woman  
just made like that  
but I'm proud of that  
cause I'm a badass woman

never second guess me  
cause, baby, I'm the boss  
can't underestimate me  
cause I'm the one in charge

I am smarter than you give me credit for  
and I'm was stronger than I ever been before  
I'm a force of nature that you can't ignore  
you can't ignore, you can't ignore no more

I'm a badass woman  
what's wrong with that?  
can't hold me back  
I'm a badass woman  
just made like that  
but I'm proud of that  
cause I'm a badass woman

never saying sorry  
for saying what's on my mind  
and I don't need a body  
to prove I'm worth your time

I am smarter than you give me credit for  
and I'm was stronger than I ever been before  
I'm a force of nature that you can't ignore  
you can't ignore, you can't ignore no more

I'm a badass woman
