

# Meghan Trainor, Blink

I'm an eclipse  
I'm a shooting star  
I'ma you come quick  
then I break your heart  
watch out,  
watch out for me  
I am smarter than you think  
I m crazy but I am sweet  
you'll see

there ain't nobody like me  
so why don't we dance?  
don't miss you chance

better not blink  
you better not blink, blink  
better not blink  
cause you don't wanna miss this

better not blink  
you better not blink, blink  
better not blink  
cause you don't wanna miss this

the only one left  
they don't make 'em like this  
I'm an innocent bad bitch  
so don't even wink  
watch out  
watch out for me  
I am stronger than you ythink  
I m crazy but I am sweet  
you'll see

there ain't nobody like me  
so why don't we dance?  
don't miss you chance

better not blink  
you better not blink, blink  
better not blink  
cause you don't wanna miss this

better not blink  
you better not blink, blink  
better not blink  
cause you don't wanna miss this
