

# Meghan Trainor, Let You Be Right

love me, love me  
don;t forget you love me  
when I break things  
make things  
a little bit uncomfy

baby don't hate me  
you probably think I'm crazy  
and it's stupid and foolish  
the way we've been behaving  
so don't keep dragging  
this on and on  
when you know that you're wrong

I don't wanna fight tonight  
I'ma let you be right  
I don't wanna fight tonight  
I'ma let you be right  
we can mak up if you just kiss me at the next traffic light  
I don't wanna fight tonight  
I'ma let you be right  
I'ma let you be right

trust me, trust me  
I need you tust me  
cause I say shit don't mean  
words for me ain;t easy  
baby don't hate me  
you probably think I'm crazy  
and it's stupid and foolish  
the way we've been behaving  
so don't keep dragging  
this on and on  
when you know that you're wrong

I don't wanna fight tonight  
I'ma let you be right  
I don't wanna fight tonight  
I'ma let you be right  
we can mak up if you just kiss me at the next traffic light  
I don't wanna fight tonight  
I'ma let you be right  
I'ma let you be right
