

Meghan Trainor, Make You Dance

All night
I stay up all night on my phone
Watchin' dumb shit
Till three o'clock in the morning

And lately i've been lazy
I've been drownin' in my head
With these thoughts makin' me crazy
I'd rather dance instead
I can't be the only one

Dance
I dropped this shit to make you
Make you dance
Don't act like you ain't makin' no plans
Imagine baby, it's your only Chance
I dropped this shit to make you
I dropped this shit to make you
I dropped this shit to make you

Dressed up
Got all dressed up for no one
Down my Rose
I've been drinkin'; since one
Cause lately i've been lazy
I've been drowning in my head
With these thoughts makin' me crazy
I'd rather dance instead
I can't be the only one
So if you get lonely, just

Dance
I dropped this shit to make you
Make you dance
Don't act like you ain't makin' no plans
Imagine baby, it's your only Chance
I dropped this shit to make you
I dropped this shit to make you
I dropped this shit to make you

To make you dance
To make you dance
I can't be the only one
So if you feel lonely, just

Dance
I dropped this shit to make you
Make you dance
Don't act like you ain't makin' no plans
Imagine baby, it's your only Chance
I dropped this shit to make you
I dropped this shit to make you
I dropped this shit to make you
