

Meghan Trainor, Make You Dance

All night

I stay up all night on my phone

Watchin' dumb shit

Till three o'clock in ten morning

And lately i've been lazy

I've been drownin' in my head

With these thoughts makin' me crazy

I'd rather dance instead

I can't be the only one

Dance

I dropped this shit to make you

Make you dance

Don't act like you ain't makin' ant plans

Imagine baby, it;s your only Chance

I dropped this shit to make you

I dropped this shit to make you

I dropped this shit to make you

Dressed up

Got all dressed up for no one

Down my Rose

I've neen drinkin'; since one

Cause lately i've been laze

I've been drowning in myty head

Whit tehse thought makin' me crazy

I'd rather dance instead

I can't be the only one

So if you get lobely, just

Dance

I dropped this shit to make you

Make you dance

Don't act like you ain't makin' ant plans

Imagine baby, it;s your only Chance

I dropped this shit to make you

I dropped this shit to make you

I dropped this shit to make you

To make you dance

To make you dance

I cant be the only one

So if you feel lonely, just

Dance

I dropped this shit to make you

Make you dance

Don't act like you ain't makin' ant plans

Imagine baby, it;s your only Chance

I dropped this shit to make you

I dropped this shit to make you

I dropped this shit to make you
