

Meghan Trainor, No Excuses

What you sipping on that got you talking crazy?
looking at me sideways, always coming at me
why you /2x
acting hard when you just a baby
boy I keep it real with you
but you trying to play me

have you lost your mind
open up your eyes

someone else
you must confused me
confused me with
someone else
you must confused me
confused me with
there ain't no excused, excused babe
someone else
your mama raised you better than that!

What you sipping on that got you talking crazy?
looking at me sideways, always coming at me
why you /2x
acting hard when you never met a lady?
I don't disrespect you
don't you disrespect me

have you lost your mind
open up your eyes

someone else
you must confused me
confused me with
someone else
you must confused me
confused me with
there ain't no excused, excused babe
someone else
your mama raised you better than that!

your mama raised you better than that!
cause your mama raised you better than that!

have you lost your mind
open up your eyes

someone else
you must confused me
confused me with
someone else
you must confused me
confused me with
there ain't no excused, excused babe
someone else
your mama raised you better than that!
