

# Meghan Trainor, Superwoman

I wanted to get on stage and sing for you  
I wanted to start a family  
I wanted to buy a house in Malibu, mhm-hm  
But there's only one of me

And I can't do it all  
Call me Superwoman but I know I'm not that strong  
Mhm-hm-hm

Because I cry more than a little  
And if I'm superwoman  
I'm flying in the rain (Flying in the rain)  
And I wonder, will it ever get old  
Being a superwoman?  
Smiling through the pain (Smiling through the pain)

Even heroes cry  
So why can't I?  
Why can't I?

I don't really have any arch-enemies  
My only villain is myself  
I'm not quite exactly who I wanna be, mhm-hm  
I can't anybody else

And I can't do it all  
So call me Superwoman but I know I'm not that strong  
No-oh-oh

Because I cry more than a little  
And if I'm superwoman  
Flying in the rain (Flying in the rain)  
And I wonder, will it ever get old  
Being a superwoman?  
Smiling through the pain (Smiling through the pain)

Even heroes cry  
So why can't I?  
Why can't I?  
Even heroes cry  
So why can't I?  
Why can't I?
