

Meghan Trainor, Workin' On It (ft. Lennon Stella,

never been asked to dance
cause i never been pretty one
never like compliments
cause it's always been so hard belivin' them

you say I am beautiful
and I say you're full of it
nothing personal
I am still not used to this

but I am workin' on
workin' on it
workin' on
workin' on
I been workin' on
workin' on it
workin' on
workin' on

tryna to be good to me
I should give myself way more love
I am my worst enemy
I mam the voice who says:
I am not good enough!

you say I ma beautiful
and I say you're full of it
nothing personal
I am still not used to this

but I am workin' on
workin' on it
workin' on
workin' on
I been workin' on
workin' on it
workin' on
workin' on

tryna see what you see
when you look at me
I been workin' on
workin' on it

but I am workin' on
workin' on it
workin' on
workin' on
I been workin' on
workin' on it
workin' on
workin' on
