

# Melanie Amaro, Don't Fail Me Now

I've walked the longest road  
So don't fail me now, feet don't fail me now  
I've never got this close  
So don't fail me now, feet don't fail me now  
I see you in the distance  
It won't be long before you're mine  
I've never got this close  
So don't fail me now, feet don't fail me now

I paid my dues, I paid the price  
I prayed for your almost every night  
You're here and touch can't seal the cracks  
Come build me up and bring me back to life  
Baby I'm on my way to you  
Tonight, I know you been waiting for me too

I've walked the longest road  
So don't fail me now, feet don't fail me now  
I've never got this close  
So don't fail me now, feet don't fail me now  
I see you in the distance  
It won't be long before you're mine  
I've never got this close  
So don't fail me now, feet don't fail me now

It's so surreal, won't stop until I touch your skin  
Just to know you're real  
One million miles is worth the time  
Cause soon I'll be there to see your smile  
Baby I'm on my way to you  
Tonight, I know you been waiting for me too

I've walked the longest road  
So don't fail me now, feet don't fail me now  
I've never got this close  
So don't fail me now, feet don't fail me now  
I see you in the distance  
It won't be long before you're mine  
I've never got this close  
So don't fail me now, feet don't fail me now

Counting down, I'm almost next to you  
Help me now, I don't know what to do  
I never thought you'd be so beautiful  
I can't believe it  
Now you're here it's like a miracle

It's been a long road  
It's been the longest road  
It's been a long road  
It's been the longest road

(It's been a long road, It's been the longest road)  
I've walked the longest road  
So don't fail me now, feet don't fail me now  
(It's been a long road, It's been the longest road)  
I've never got this close  
So don't fail me now, feet don't fail me now
