## Melissa Etheridge, The Letting Go

I came here to let you know
The letting go...Has taken place
I have held the winter's son
Become one...Set my pace
Isn't that what we wanted all along...Freedom like a stone
But I can say goodbye...Now that the passion's died
Still it comes so slow...The letting go

Piece by piece I take apart...This complicated heart And I hope to find Something I can prove is real I can feel is truth...I can say is mine That's all I ever wanted to be The closer that I got...The further I could see But when lovers change...And the night feels strange We choose our road...The letting go

I came here to let you know The letting go...Has taken place
