

# Melissa Graham, Bulletproof

Baby can you see me  
falling through the air  
reaching out for something  
invisible,untouchable,was never there  
In my weakest moments  
I try to conquer fear  
but it's hard to kick the habit  
when you're somehow always there

Chorus:

If you thinking that I'm bulletproof  
that life goes on without you  
then you really haven't seen the way how I feel inside  
All the uh-uh things we used to do  
they're not the same without you  
I'm diving in  
I'm crashing trough  
to let you know  
the way I feel inside

If you look inside yourself  
Tell me what you see  
Something unspeakable  
Unthinkable,or is it me  
Maybe I'm just hanging on  
to something that will never be  
but it's hard to kick the habit  
when you're falling at your feet

Chorus:

If you thinking that I'm bulletproof  
that life goes on without you  
then you really haven't seen the way how I feel inside  
All the uh-uh things we used to do  
they're not the same without you  
I'm diving in  
I'm crashing trough  
to let you know  
the way I feel inside

Could have been you and me babe  
reaching for a different sky  
I would do more than anything  
just to have you here tonight  
where is the remedy  
when you're feeling left behind  
I need to get trough to you  
just tell me what you think that I should do

2xChorus:

If you thinking that I'm bulletproof  
that life goes on without you  
then you really haven't seen the way how I feel inside  
All the uh-uh things we used to do  
they're not the same without you  
I'm diving in  
I'm crashing trough  
to let you know  
the way I feel inside
