

Melon Diesel, Live, Live, Live

Yeah, the sun is shining
It's so ever blinding yeah
It fills my eyes with gladness
Yeah, my life is turning
It was ever burning, yeah
And now the best things lie ahead

So pick yourself up and never drop again
That's the way it should be my friend
Let go of those bad things inside
And just let your soul rise

Live, live, live, like you want now
Sha la la la la.....
Live, live, live, like it's the last day for you
Live, live, live, like you want now
Sha la la la la.....
Live, live, live, like it's the last day for you

Let me tell you again

Yeah, the beach is perfect
The girls will make me nervous there
Until the winter comes again
Yeah, the night will fill me
Of a different wisdom yeah
Until the morning comes again

So pick yourself up and never drop again
That's the way it should be my friend
Let go of those bad things inside
And just let your soul rise

Live, live, live, like you want now
Sha la la la la.....
Live, live, live, like it's the last day for you
Live, live, live, like you want now
Sha la la la la.....
Live, live, live, like it's the last day for you

So put away all the shit and get your motor running
Stand up leave the past, and push the present forward
Feel the energy, feel the positivity
It's the only way, it's the only way it should be
Live...Let the freedom step out from inside you
Live...It will open doors of joy around you
Live...Just don't worry 'bout the days that went by, went by, went by

Live, live, live, like you want now
Sha la la la la.....
Live, live, live, like it's the last day for you

It's the last today (It's the last) x5

Sing along to la la la la... x4
