

MELOVIN, Dream (Ukraina - piosenka na Eurowi

I wanted to
Be a dreamer
It took some time
To believe in

They spilled my blood
Called me a sinner
They want me shut
So I lifted MY VOICE...

You wanna touch
You wanna wear my shoes
Either
Wanna live in better place
we could build it
I wanna show what's like to be a believer
I wanna see your deepest dreams
to reveal them all

A brand new day a brand new life
They say it's not but It's all right
Just keep the fire burning inside
You've gotta keep dreaming

Dreamlover Dreamlover
I wanna feel your body
Dreamlover Dreamlover
I wanna start a party
Dreamlover Dreamlover
I wanna see you're ready
Dreamlover Dreamlover
I wanna keep you dreaming on

Do what you wanna do
If they call you a
heathen
Listen to your heart
It leads to your freedom
You've got nothing to prove
Nothing to lose
Either
From the floor you'll hit the top so just show them a-a-all

A brand new day a brand new life
They say it's not but It's all right
Just keep the fire burning inside
You've gotta keep dreaming

1 2 not a test
3 4 took a breath
5 6 i'm a mess
Cause i'm a dreamer
This is not a test
Counting Uno Dos Tres
They say I'm a mess
But I'm a dreamer

Dreamlover Dreamlover
I wanna feel your body
Dreamlover Dreamlover
I wanna start a party
Dreamlover Dreamlover
I wanna see you're ready
Dreamlover Dreamlover

I wanna keep you dreaming on
