

Menswear, Wait For The Sun

Autumn leaves and April rain
Watch the seasons come and change
Though they go I stay the same
Lay me down in hazy days
Wait for the sun gonna rise gonna come
Wait for the sun gonna rise gonna come
See the coming of the sun
Warms my soul and turns me on
Touch me with your summer breeze
Lift me, take me, make me free
Wait for the sun gonna rise gonna come
Wait for the sun gonna rise gonna come
