

# Mercury Rev, Are You Ready?

Are You Ready?  
Are You Ready?  
Are You Ready now?

Are You Ready?  
Are You Ready now?

Are You Ready?  
Are You Ready now?

Only in a dream will you see her  
Flowers in hair and ... coat  
You try to follow her but  
On... she goes  
She enters her mouths with a whispers  
Says you to you hopeless ears  
I want dance to the last ...  
You can dance to the pretty things

...  
She is lost in a jukebox clock  
In a trans she makes her selector  
Psychedelic rock in blue white soul  
Only in a dream will you hear her  
Like a song in a radio  
And everything around you turns round  
Shine till the ... book  
And then just for a moment  
You're lost in a jukebox  
Hypnotize you to make a selections  
Psychedelic rock in blue white soul

And all seem so crystal clear to me now  
On the crystal ... inside me head  
She said:
