## Mercury Rev, Are You Ready?

Are You Ready? Are You Ready? Are You Ready now?

Are You Ready? Are You Ready now?

Are You Ready? Are You Ready now?

Only in a dream will you see her Flowers in hair and ... coat You try to follow her but On... she goes She enters her mouths with a whispers Says you to you hopeless ears I want dance to the last ... You can dance to the pretty things

. . .

She is lost in a jukebox clock
In a trans she makes her selector
Psychedelic rock in blue white soul
Only in a dream will you hear her
Like a song in a radio
And everything around you turns round
Shine till the ... book
And then just for a moment
You're lost in a jukebox
Hypnotize you to make a selections
Psychedelic rock in blue white soul

And all seem so crystal clear to me now On the crystal ... inside me head She said:

Are You Ready? Are You Ready now?
