

# Metallica, 72 Seasons

Utwór '72 Seasons' z albumu '72 Seasons' Metallica (premiera 14 kwietnia 2023r.)

Feeding on the wrath of man  
Shot down  
Traumatic  
Time haunted by the past  
Long gone  
Dogmatic  
Although the die is cast

Shot down  
Volcanic  
But what is done is done and done  
Look back  
Psychotic  
No chance before this life began

Staring into black light  
Dominating birthright

Wrath of man  
Leaching through  
Split in two

Wrath of man  
Crash into  
Point of view

Wrath of man  
Violence  
Inheritance

Wrath of man  
Thrive upon  
Feeding on  
72 seasons gone

Feeding on the wrath of man  
Shoot back  
Erratic  
Mad seasons take their toll  
New mask  
Chaotic  
Completely lost control

Shoot back  
Fanatic  
Wither under looming shadow cast  
Slip back  
Narcotic  
Blinded by the ashes of the past

Staring into black light  
Choking on the stage fright

Wrath of man  
Leaching through  
Split in two

Wrath of man  
Crash into  
Point of view

Wrath of man

Violence  
Inheritance

Wrath of man  
Thrive upon  
Feeding on  
72 seasons gone

Piercing through  
Cut in two  
Polarize

Point of view  
Crash into  
Paralyze

Feeding on the wrath of man  
Man down  
Barbaric  
Quick fire machine gun thoughts  
Deep seed  
Stigmatic  
Some have and some have not

Man down  
Demonic  
No mercy from the ghost within  
Turn back  
Hypnotic  
There's breathing out but not back in

Staring into black light  
Permanently midnight

Wrath of man  
Leaching through  
Split in two

Wrath of man  
Crash into  
Point of view

Wrath of man  
Violence  
Inheritance

Wrath of man  
Thrive upon  
Feeding on  
72 seasons gone
