

# Metallica, ManUNkind

Chaos awaiting for Adams return  
Madness smiling as we watch it burn

I've become hostage to my mind  
Left myself behind  
Blind lead blind  
Quest to find  
Faith in manUNkind

Garden of Eden, so simple and pure  
Greedy, needy, must we have more

I've become hostage to my mind  
Left myself behind  
Blind lead blind  
Quest to find  
Faith in manUNkind

Fascinate - partner of insanity  
Decimate - lessons we never learn

Dominate - killing of the innocence  
Deviate and to dust you return

Seized by the day  
Frozen captive by the night  
Seized by the day  
All the dark days of your life

Seized by the day  
Frozen captive by the night  
Led so astray  
All the dark days of your life

Zero, reset, creation of man  
Foolish ready, to witness again?

I've become hostage to my mind  
Left myself behind  
Blind lead blind  
Quest to find  
Faith in manUNkind
