

# Metallica, The Unnamed Feeling

Been here before

Been here before couldn't say I liked it  
Do I start writing all this down?  
Just let me plug you into my world  
Can't you help me be uncrazy?

Name this for me, heat the cold air  
Take the chill off of my life  
And if I could I'd turn my eyes  
To look inside to see what's comin'

It comes alive  
And I die a little more  
It comes alive  
Each moment here I die a little more

Then the unnamed feeling  
It comes alive  
Then the unnamed feeling  
Takes me away

I'm frantic in your soothing arms  
I can not sleep in this down filled world  
I've found safety in this loneliness  
But I cannot stand it anymore

Cross my heart and hope not to die  
Swallow evil, ride the sky  
Lose myself in a crowded room  
You fool, you fool, it will be here soon

It comes alive  
And I die a little more  
It comes alive  
Each moment here I die a little more

Then the unnamed feeling  
It comes alive  
Then the unnamed feeling  
Treats me this way  
And I wait for this train  
Toes over the line  
And then the unnamed feeling  
Takes me away

Get the fuck out of here  
I just wanna get the fuck away from me  
I rage, I glaze, I hurt, I hate  
It hate it all, why? Why? Why me?

I cannot sleep with a head like this  
I wanna cry, I wanna scream  
I rage, I glaze, I hurt, I hate  
I wanna hate it all away
