

# MGMT, Your Life Is A Lie

I tell you why  
Here's the view, over the rocks  
Your life is a lie  
Don't say a word, I'll tell you why  
Keep living the lie  
Your life is a lie  
Must you deny you and I \_\_\_  
Wondering why  
You're barely alive  
Count your things  
On your hands

They're not your friends  
Hold your breath  
Everyone left  
No supplies  
Barely lives

Tell you what  
This is your life  
This is \_\_\_  
This is your lies  
Nobody knows why  
Try not to cry  
You will survive  
On your own  
You're on your own  
This is your life

Wondering why

Waiting to die  
Your life is a lie  
On your own, one more time  
Your life is a lie
