

# Michael Bublé (Michael Buble), After All (ft. Bryan

Way back when we started  
There was a part of me that knew.  
One day you'll be hiding  
And I would lose myself to you.

And I walked all night  
Lost in the silent city lights.  
Thinking of you, wondering where I lose my mind.

After all I've decided  
That to live my life again.  
After all I'm delighted to be back where we began.  
I believe that you can fall in love with me again  
And we'll both be standing tall, after all.

Way back when we started  
There was a part of you that knew  
I was all that you wanted,  
But only shadows filled the room.

I was lost, alright,  
Lost in the sleepless empty nights.  
Dreaming of you, and in those dreams you were still mine.

After all, we're united,  
Yeah, you're in my arms again.  
After all, I'm delighted  
Cause the love was there a friend.  
I believe that I can fall in love with you again  
And I'll catch you any fall, after all.

I was lost, alright,  
Lost in the sleepless empty nights,  
Dreaming of you, and in those dreams you were still mine.

After all I've decided  
That to live my life again.  
After all I'm delighted to be back where we began.  
I believe that you can fall in love with me again  
Cause I'm with you, I'll catch you when you fall.  
Reunited and we made it, after all  
And we'll both be standing tall, after all  
After all, babe, oh, after all, after all, after all.
