

Michael Jackson, Ben

Ben, the two of us need look no more
We both found what we were looking for
With a friend to call my own
Ill never be alone
And you my friend will see
Youve got a friend in me
(youve got a friend in me)

Ben, youre always running here and there
(here and there)
You feel youre not wanted anywhere
(anywhere)
If you ever look behind
And dont like what you find
Theres something you should know
Youve got a place to go
(youve got a place to go)

I used to say, "i" and "me";
Now its "us";, now its "we";
(I used to say, "i" and "me";)
(now its "us";, now its "we";)

Ben, most people would turn you away
I dont listen to a word they say
They dont see you as I do
I wish they would try to
Im sure theyd think again
If they had a friend like ben
(a friend)
Like ben
(like ben)
Like ben
