

Michael W. Smith, All I Want

All I have in this world
Is fire from above
All I have in this world
Is you
And all the journeys I have walked
I know you've walked them too
All I want is to be faithful
All I want is you

All I have is a love
That set my world on fire
Let it fall, let it burn in me
And oh to be a friend of God is all that I desire
All I want is to be faithful
All I want is you

All I want is you
All I want is you
All I want is you
Is you

All I have in this world
Is fire from above
All I have in this world
Is you
And all the journeys I have walked
I know you've walked them too
All I want is to be faithful
All I want is you

All I want is you
All I want is you
Da...oh oh oh
All I want is you
Is you
