## Michał Szpak, Don't Poison Your Heart

I still really wonder why we all do bad things and ... fight.. the scars are crying brothers and sisters we can change this place

Don't Poison Your Heart remember you will feel this magic life Don't Poison Your Heart Don't Poison Your Heart

Oh my angels
I don't know why
someone's try to steal our lives
what is truth?
what is fake?
I here it again and again
some people says everything is on sale
tell them ... enter your head
what is truth?
what is fake?
brothers and sisters
we can change this way

Don't Poison Your Heart remember you will feel this magic life Don't Poison Your Heart Don't Poison Your Heart

Don't Poison Don't Poison

Don't Poison Your Heart remember you will feel this magic life Don't Poison Your Heart Don't Poison Your Heart
