

Michał Szpak, Sweet Cherry

you taste like cherries
on my birthday cake
sweet little cherry
all your beauty sweet
dreams about you
they're deeper and deeper

let it be just you and me
so sweet, so sweet
let it be just you and me
it feels so real
don't get out of my mind
all your secrets are mine
oh let it dream
let it dream

I'm looking through the window
I don't see you on the street
7 lonely people
sweet cherry, I miss you

let it be just you and me
so sweet, so sweet
let it be just you and me
it feels so real
don't get out of my mind
all your secrets are mine
oh let it dream
let it dream

don't get out of my mind
all your secrets are mine
let it dream

don't get out of my mind
all your secrets are mine
Oh, let it dream
let it dream

let it be just you and me
so sweet, so sweet
let it be just you and me
it feels so real
don't get out of my mind
all your secrets are mine
oh let it dream
