Michelle Williams, No One Like You

As I look back now
And I think how, how I made it
Couldn't sleep at night things weren't right so frustrated
But through it all you held my hand
You didn't let me fall now here I stand
I can't express the way you make me feel
And I can't find

I can't find no one like you Who makes me feel the way you do Strung out, sold out lost in you You're so special to me Thankful you would choose me

And I won't forget what you've done, you're so faithful You'll be my friend untill the end, you showed me love People may not understand, how I got to where I am You're the reasone why, I'll love you for life And I can't find

I can't find no one like you Who makes me feel the way you do Strung out, sold out lost in you You're so special to me Thankful you would choose me

Nobody can love me, the way that you do Nobody can hold me, when I'm going through If I had ten thousand tongues, it wouldn't be enough You're love so incredible, I'll tell the world I'm in love

I can't find no one like you Who makes me feel the way you do Strung out, sold out lost in you You're so special to me Thankful you would choose me

I'm so in love with you You make my dreams come true When I can't find my way You brighten up my day When I think of love You're love's all I think of
