

Midnight Eternal, Signs of Fire

I felt you calling me; your heat blazed out and seared my skin
You're far - too close to me; a scorching passion burns within
As I slowly fall apart, old scars now slowly start to glow
Take hold within my heart; tell me how to let you go

Forbidden love's no game to play for a pawn with no control

Your fire in my soul - I don't know how to put it out
Burning, unrestrained, inside me
Don't tell me not to go; I really have to blow it out
This self-destructive fancy

Can only blame myself, I yearned to tempt and to seduce
I got us in this mess and now we face this awful truth
Keep moving back and forth; endless desire - going blind
My compass pointing north; can't get you off my mind

Forbidden love's the game to play
But, my face is towards home - I have to go

Your fire in my soul; I tried so hard to smother you
Your forceful flames inside me
But I don't want to go and I cannot abandon you
My self-destructive fancy

Your fire in my soul - I don't know how to put it out
Your forceful flames inside me
But I don't want to go and
I don't want to blow it out
My self-destructive fancy
