

# Midnight Eternal, Signs of Fire

I felt you calling me; your heat blazed out and seared my skin  
You're far - too close to me; a scorching passion burns within  
As I slowly fall apart, old scars now slowly start to glow  
Take hold within my heart; tell me how to let you go

Forbidden love's no game to play for a pawn with no control

Your fire in my soul - I don't know how to put it out  
Burning, unrestrained, inside me  
Don't tell me not to go; I really have to blow it out  
This self-destructive fancy

Can only blame myself, I yearned to tempt and to seduce  
I got us in this mess and now we face this awful truth  
Keep moving back and forth; endless desire - going blind  
My compass pointing north; can't get you off my mind

Forbidden love's the game to play  
But, my face is towards home - I have to go

Your fire in my soul; I tried so hard to smother you  
Your forceful flames inside me  
But I don't want to go and I cannot abandon you  
My self-destructive fancy

Your fire in my soul - I don't know how to put it out  
Your forceful flames inside me  
But I don't want to go and  
I don't want to blow it out  
My self-destructive fancy
